

Del-Co Water Company Standard Easement Statement

The following statement must be added to all subdivision plats where Del-Co Water is providing water service:

Easements are specifically granted unto Del-Co Water Company, Inc., its successors or assigns for the location of water lines, valves, and appurtenances within dedicated rights-of-way and designated Utility Easements. Also granted is the right of Del-Co Water Company, Inc. to install, service, and maintain water meter crocks and appurtenances outside of and adjacent to said dedicated right-of-way for public roads or Utility Easements.

Be sure that *Utility Easement* or *Easement* as called out on the plat drawing is the same term used in the Del-Co standard easement statement.
